Subject : Workshop on Project DOLPHIN

******

It has been brought to the notice of HQrs office that even after successful implementation of Project DOLPHIN in December 2011, many PAOs are frequently approaching CDA (IT&SDC) Secunderabad seeking clarification on various issues relating to processing of different modules, closing of accounts and generation of various reports. Seeking clarification on the above issues from CDA(IT&SDC) Secunderabad is primarily because most of the EDP staff of PAOs are not familiar with processing of many modules and various activities available in the Project DOLPHIN. In order to given full exposure to the Project, it has been decided to conduct a workshop for all the PAOs in four batches at IT&SDC Secunderabad in October and November 2017.

2.   In view of the above it is requested to depute two officers from each PAO who are actually involved in processing and closing of monthly accounts in Project DOLPHIN. You may include those who can be deployed in future, if the current work is being handled by only one person. The concerned officers who are deputed to the workshop may be directed to bring the latest backup of their database for any clarification. The schedule for the workshop is enclosed as Annexure A. The name of officers deputed for the above workshop may please be furnished directly to CDA(IT&SDC) Secunderabad.

This has the approval of Addl.CGDA (US).

Encls: Annexure A
